

RULEMAKING COMMITTEE WORK AGENDA 2020

Open Meetings for Other Committees

- *Insurance Compact Compass*, Priority I, Action Item 2: Provide wider and easier participation by all Compacting States in the drafting process for Uniform Standards development including discussions of the Product Standards Committee.

Explore Other Groups Eligible for Filing

- *Insurance compact Compass*, Priority I, Action Item 4: Explore whether to expand the Uniform Standards to accommodate group types available in the Compacting States for the authorized product lines (other than the existing employer/employee group type), and if approved by the Commission, commence development.

Analysis of Mix and Match

- *Insurance Compact Compass*, Priority II, Action Item 7: Study and analyze the types of Mix and Match for product filings over the last three years and provide a report to the Commission with detailed information and recommendations to improve the process and further minimize the need for Mix and Match and include guidance, with input of Compacting States, regarding whether additional forms are required to be filed with the Compacting States for a Compact approved product.

Review of Five-Year Review Process

- *Insurance Compact Compass*, Priority I, Action Item 5: Review current five-year review process and activities to recommend changes, while ensuring continued transparency and wide opportunities for member and public input, to make it more iterative, flexible and efficient review of the Uniform Standards focused on the robust, relevant and reasonable objectives.
