Insurance Compact Staff in Attendance:
Superintendent Dwyer called to order the Joint Meeting of the Management Committee and the Interstate Insurance Product Regulation Commission (Insurance Compact or Commission). Ms. Schutter took the roll call of the: Management Committee, Commission, Legislative Committee, and Industry and Consumer Advisory Committees.

Superintendent Dwyer began with the Amendments to Uniform Standards for NAIC Model 805 Amendment. Superintendent Dwyer provided a brief procedural history regarding Model 805 and noted the amendments to Model 805 changes the minimum nonforfeiture rate of individual deferred annuities from 1% to 0.15%. The Commission asked the Product Standards Committee (PSC) to review the matter and provide a recommendation on how to proceed. During the 2020 Annual Meeting in December, the Commission adopted an emergency rule to stay the immediate effectiveness of an amendment adopted by the NAIC to the Standard Nonforfeiture Law for Individual Deferred Annuities which is NAIC Model 805. Superintendent Dwyer asked Mr. Lapham to provide the recommendation from the PSC.

Mr. Lapham explained the recommendation from the PSC would be to amend the Uniform Standards to follow state law with regard to the minimum nonforfeiture rate. The PSC proposed to change the definition of nonforfeiture rate for purposes of the Uniform Standards.

Superintendent Dwyer asked if there were any questions; there were none. Superintendent Dwyer asked if there was to motion to publish for rulemaking, the amendments to the Uniform Standards. Mr. Beatty made the motion and Chief Deputy Commissioner Slape seconded. A voice vote was conducted and passed.

Superintendent Dwyer proceeded to the next agenda item to address the Emergency Rule to stay NAIC Model 805 Amendment. She explained the Emergency Rule adopted in December is set to expire on April 3rd and another Emergency Rule would allow the amendments to the Uniform Standards recommended by the PSC to be applied on a temporary basis while the Management Committee conducts the rulemaking process. Superintendent Dwyer noted the second Emergency Rule would be in place for 180 days to allow for sufficient time to conduct the rulemaking process. Superintendent Dwyer asked if there was a motion from a Commission member to put Emergency Rule 2 in place. Commissioner Clark made the motion and Mr. Beatty seconded the motion. There were no comments. A roll call vote was conducted, and the motion passed unanimously.
Superintendent Dwyer asked Director Ramge to provide the report of the Audit Committee. Director Ramge reported the Audit Committee completed the 2020 Audit in a timely manner and a clean audit was issued to the Compact. Director Ramge noted the Compact ended 2020 with positive net revenue of $77,378. Additionally, the Compact met its budget for revenue in the annual registration line while the Compact was 7.5% under its budget target for product filing revenue. Director Ramge noted the Compact did not receive as many filings that required actuarial review which were at a higher price point. The Compact realized significant expense savings due to COVID-19 restrictions and to open positions. In May 2020, the Compact made its first of ten payments on the outstanding debt to the NAIC. The Compact is scheduled to make the second payment later this month. The Insurance Compact Office also collected and remitted over $3 million in state filing fees in 2020. Director Ramge concluded the report and noted the organization is in a net positive position at the start of this year.

There were no questions or discussion for Director Ramge regarding his report. Superintendent Dwyer asked for a motion from a Commission member to adopt the report of the Audit Committee and receive the independent Auditors Report and the 2020 Annual Report. Mr. Lapham made the motion and Commissioner Dodrill seconded the motion. A voice vote was taken and passed. Superintendent Dwyer noted the Annual Report will be distributed electronically to members, Governors and legislators as provided in the Bylaws in the coming few weeks.

Superintendent Dwyer called on Mr. Lapham to give the recommendation from the PSC regarding the Uniform Standards Development Guidelines. Mr. Lapham reported the recommendation responds to two strategic plan action items under priority 1 which are action items #3 and #6. The purpose of the Uniform Standards Development Guidelines is to provide a reference guide for regulators, legislators and others in compacting states as well as representatives from companies, consumers, industries, and other involved in drafting and submitting and considering new proposals or changes to Uniform Standards. The Guidelines are intended to explain the steps involved in the process of developing, reviewing, amending, commenting, considering, and adopting Uniform Standards. Mr. Lapham noted the Guidelines outline the ways Uniform Standards can be drafted or amended through new development in the annual identification prioritization system, Emergency Rule making, and 5-year review. The PSC is also proposing a system for identifying and prioritizing of new Uniform Standards including for new product lines and new products of benefit features for existing product lines to reflect product offerings accepted by the majority or more of compacting states. Mr. Lapham explained that there will be a form on the Compact website for the submission of requests. The Compact will continuously accept submissions of the request form and will publish the request on the Uniform Standards identification list that will be available on the Compact website. The PSC will consider all items that are on the Uniform Standards identification list as of June 30th of each year for purposes of providing recommendation to the Management Committee with respect to prioritization for the next calendar year. If necessary, the PSC will identify any requests that might require additional resources as part of the annual budget request. There were no questions or comments for Mr. Lapham.

Superintendent Dwyer proceeded to the next item on the agenda and asked Mr. Lapham to explain further changes to Uniform Standards already in the rulemaking process. Mr. Lapham reviewed
the recent work on the waiver of premium benefit, the waiver of monthly deductions and the waiver of surrender charge benefit. The first waives premium due for an insured under the life insurance policy when the insured meets certain benefit triggers. The waiver of monthly deductions waives monthly deductions applicable under a life insurance policy when the insured meets certain benefit triggers. Monthly deductions are the actual cost of insurance charges, expense charges, and costs or charges which are specified in the policy to be deducted from the account value. The last one, the waiver of surrender charge benefit waives applicable surrender charges under a life insurance policy when the insured meets certain benefit triggers. Mr. Lapham further explained that two of these Uniform Standards are amendments to existing Uniform Standards initially adopted in 2007. The purposed amendments expand the type of conditions or circumstances which can trigger the benefit. The existing Uniform Standards triggered the benefit only upon proof of total disability. The amendments allow the benefit to trigger upon proof of other qualifying events which makes the benefits more widely accessible. Mr. Lapham noted that the Additional Standards for Waiver of Surrender Charge Benefit for Life Insurance is a new Uniform Standard and was modeled after the Additional Standards for Waiver of Surrender Charge Benefit for Annuity Contracts. Mr. Lapham reviewed the six qualifying events added to these three Uniform Standards that would trigger access to the benefit. Mr. Lapham reported the Uniform Standards clearly state they are not for long-term care insurance or for providing long-term care benefits. Mr. Lapham reported the PSC initially recommended these three Uniform Standards in December 2019 and recommends further changes to the Uniform Standards in response to the comments submitted during the notice and comment period. There were no questions or discussion. Superintendent Dwyer asked for a motion from the Management Committee to receive the recommendation from the PSC for the purpose of publishing them for notice and comment. Commissioner Caride made the motion and Mr. Beatty seconded. A voice vote was conducted, and the motion carried.

Superintendent Dwyer moved to the next item on the agenda and provided an overview of the recommendations from the governance review and business assessment reports. Superintendent Dwyer reported the Governance Committee had an organizational planning call earlier this month. In addition to Wisconsin, Texas will serve as Vice Chair and the Committee members also include the other Officers, Rhode Island, and West Virginia, along with Colorado. Superintendent Dwyer reported the Committee is focusing on the analysis conducted regarding the Colorado Supreme Court opinion. The Compact Office has been asked to retain outside legal analysis on additional constitutional questions which may have an impact on a compact with congressional consent. The Committee is focused on providing a comprehensive approach to address the ruling and issues in the Colorado opinion later this year. Superintendent Dwyer noted the Committee is also focused on addressing other governance issues raised in the report. She further noted that the Compact’s committees will be looking at how to minimize the conflicts between the Uniform Standards and state laws which may have a meaningful impact on the policyholder or beneficiary. Superintendent Dwyer reported the PSC will be reviewing the request from South Carolina regarding long-term care rate reviews.

Superintendent Dwyer asked Ms. Schutter to provide an update on the Strategic Plan. Ms. Schutter provided a summary on the Strategic Plan action items that have been completed, are in progress, and have not been started. Ms. Schutter reported the Compact Office has recently announced a new position for a Communication and Outreach Coordinator. Additionally, the Compact Office has published a webinar schedule for the calendar year on the Compact’s website. The Compact’s
Rulemaking Committee will begin their review for a recommendation regarding expanding Uniform Standards to accommodate non-employer group types.

Mr. Lapham noted he has seen some hesitancy in Committee participation now that the Committee meetings are open to all regulators. He would encourage all regulators to participate in the Committee meetings.

Superintendent Dwyer proceeded to the Consent Agenda items and reminded everyone that the Committee reports and minutes are under a Consent Agenda which are posted on the Events calendar for this meeting. There were no questions on the reports or the consent agenda. Superintendent Dwyer asked for a motion to adopt the Consent Agenda items. Commissioner Caride made the motion and Mr. Beatty seconded. A voice vote was taken, and the motion carried.

Superintendent Dwyer remarked a new chair needed to be appointed for the Audit committee upon the retirement of Director Ramge. Superintendent Dwyer reported Maryland Commissioner, Kathleen Birrane, who currently serves on the Audit committee is willing to serve as chair. Mr. Beatty made a motion and Commissioner Caride seconded. A voice vote of the Management committee was made, and the motion was carried.

Mr. Beatty made a motion to adjourn, and Commissioner Caride seconded.
