

UNIFORM STANDARDS FOR RIDERS, ENDORSEMENTS OR AMENDMENTS USED TO EFFECT GROUP ANNUITY CERTIFICATE CHANGES

Scope: These standards apply to riders, endorsements or amendments that are used to effect all group certificate changes that are required by state or federal law, or changes that have been requested for a group annuity named certificate by the contractholder or the insurance company in exercising rights under the group contract or changes the group contract permitted to be requested for a named certificate by the Certificateholder as applicable. Such change forms may be attached to the group annuity certificate on the certificate date of issue or after the certificate date of issue.

With respect to non-employer groups, approval of a group contract and certificate by the Commission shall not be deemed as approval to use or issue the product to a non-employer group. A non-employer group must be approved or permitted by the Compacting State as required under the applicable state laws and procedures before a product filing approved by the Commission pursuant to the applicable group Uniform Standards may be issued to a non-employer group.

Mix and Match: These standards are available to be used in combination with State Product Components as described in Section 111(b) of the Operating Procedure for the Filing and Approval of Product Filings. These standards are available to be used in combination with IIPRC-approved or state-approved group life insurance and annuity forms.

Self-Certification: These standards are not available to be filed using the Rule for the Self-Certification of Product Components Filed with the Interstate Insurance Product Regulation Commission.

Terms not defined in these standards that are capitalized and italicized have the meanings specified in the applicable group annuity contract and certificate standards.

“Contractholder” as used in these standards means the entity to whom the group contract was issued.

§ 1 ADDITIONAL SUBMISSION REQUIREMENTS

A. GENERAL

The following additional submission requirements shall apply:

- (1) Include all forms filed for approval with the filing. Highlight changes to a previously approved form.
- (2) If the filing is being submitted on behalf of an insurance company, include a letter or other document authorizing the firm to file on behalf of the insurance company.

- (3) If the form contains variable items, include the Statement of Variability. The submission shall also include a certification that any change or modification to a variable item shall be administered in accordance with the requirements in the Variability of Information section, including any requirements for prior approval of a change or modification.
- (4) Include a certification signed by an insurance company officer that the form has a minimum Flesch Score of 50. If the certificate is subject to federal jurisdiction, and accordingly, Flesch requirements do not apply, include a statement to that effect.
- (5) The certificate shall be presented, except for schedules and tables, in not less than ten-point type, one point leaded.
- (6) Include a listing by filing jurisdiction of the types of group certificates with which the form will be used, including the group certificate form numbers, the corresponding approval date for these certificates and any filing identification number.
- (7) Include a statement whether the form will be made a part of a group certificate at issue or is intended for use after the date of issue of the certificate, or both.

B. VARIABILITY OF INFORMATION

- (1) The insurance company may file a generic group certificate change form to accommodate all the certificate changes required. To support the use of such form, the submission shall include a Statement of Variability providing information sufficient to identify the potential certificate changes that may be made.
- (2) The insurance company shall identify items that will be considered variable. The item shall be bracketed or otherwise marked to denote variability. The submission shall include a Statement of Variability that will discuss the conditions under which each variable item may change.
- (3) The group certificate changes to be made shall be consistent with the Statement of Variability filed for such certificate change form and the Statement of Variability filed for the group annuity certificate for which the change is being made.
- (4) Items such as officer titles and officer signatures may be denoted as variable and may be changed without notice or prior approval.

§ 2 BENEFIT PROVISIONS

A. GROUP CERTIFICATE CHANGE FORM REQUIREMENTS

- (1) The full corporate name of the insurance company shall appear on the form.

- (2) At least one signature of a company officer shall appear on the form if it is added after the date of issue of the group certificate.
- (3) The form shall contain a statement that it is made a part of the group certificate, and that the form provisions apply in lieu of any certificate provisions to the contrary.
- (4) A form identification number shall appear at the bottom of the form in the left-hand corner. The form number shall be adequate to distinguish the form from all others used by the company. The form number shall include a prefix of ICCxx (where xx represents the year the form was submitted for filing).
- (5) The form shall include:
 - (a) The name of the contractholder.
 - (b) The group contract number;
 - (b) The certificate number;
 - (e) The effective date of the group certificate change; and
 - (f) If the group certificate change has an expiry date or expiry age, the expiry date or expiry age for the certificate change.
- (6) If the group certificate change is required by state or federal law or is requested by the contractholder or the insurance company in exercising rights under the group contract, and such change eliminates or reduces benefits or rights under the certificate, the form shall not require the signature of the *Certificateholder*. If the group named certificate change is requested by a *Certificateholder* and such change eliminates or reduces benefits or rights under the certificate, the form shall require the signature of the *Certificateholder*. An insurance company may eliminate the signature requirement if it has supporting documentation, such as a signed request from the *Certificateholder*, supporting the group certificate change.
