UNIFORM STANDARDS FOR RIDERS, ENDORSEMENTS OR AMENDMENTS USED TO EFFECT GROUP ANNUITY CONTRACT CHANGES

Scope: These standards apply to riders, endorsements or amendments that are used to effect group contract changes that are required by state or federal law, that have been requested for a group annuity contract by the contractholder, or that are the result of either party exercising their rights under the group contract. Such contract change forms may be attached to the group annuity contract on the contract date of issue or after the contract date of issue.

With respect to non-employer groups, approval of a group contract and certificate by the Commission shall not be deemed as approval to use or issue the product to a non-employer group. A non-employer group must be approved or permitted by the Compacting State as required under the applicable state laws and procedures before a product filing approved by the Commission pursuant to the applicable group Uniform Standards may be issued to a non-employer group.

Mix and Match: These standards are available to be used in combination with State Product Components as described in Section 111(b) of the Operating Procedure for the Filing and Approval of Product Filings. These standards are available to be used in combination with IIPRC-approved or state-approved group life insurance and annuity forms.

Self-Certification: These standards are not available to be filed using the Rule for the Self-Certification of Product Components Filed with the Interstate Insurance Product Regulation Commission.
