Director Hudson called to order the joint meeting of the Interstate Insurance Product Regulation Commission (“IIPRC”) and its Management Committee.

Director Hudson proceeded to the first item on the agenda, a meeting of the Legislative Committee. Director Hudson recognized the members of the Legislative Committee who were in attendance. Representative Damron noted that NCOIL’s appointments to the Legislative Committee have been finalized and that NCSL’s appointments will be forthcoming shortly. Representative Damron stated that the Legislative Committee will postpone their election of the Chair and Vice Chair until NCSL has made their appointments. Representative Kennedy added that Senator Hudgens will be vacating his Committee seat due to his run for the Commissioner of Insurance and Safety Fire in the State of Georgia and that NCSL will hopefully have an appointment made after the December meeting of NCSL. Director Hudson recognized Ms. Nolan, the Executive Director of NCOIL.

Director Hudson moved to the next item on the agenda, a Public Hearing on Uniform Standards and Amendments to Uniform Standards that were issued on August 6, 2010, the 2011 Annual Budget and the Amendments to IIPRC Terms and Procedures for IIPRC Filing Fees. Specifically the Uniform Standards are:
- Additional Standards for Graded Death Benefit for Individual Whole Life Insurance Policies;
• Individual Deferred Paid-Up Non-Variable Annuity Contract Standards (Commonly Marketed as Longevity Standards);
• Amendments to Individual Term Life Insurance Policy Standards;
• Amendments to Individual Whole Life Insurance Policy Standards;
• Amendments to Additional Standards for Intermediate Period Endowment Benefit Features for Individual Life Insurance Policies (Including Return of Premium); and
• Amendments to Core Standards for Individual Deferred Non-Variable Annuity Contract.

There were no comments provided on the uniform standards or the amendments to Uniform Standards. Director Hudson asked Ms. Schutter to provide a summary of the 2011 Annual Budget. There were no questions regarding the summary provided or the Annual Budget. Ms. Schutter provided a brief summary on the Amendments to IIPRC Terms and Procedures for IIPRC Filing Fees. There were no comments regarding the summary or the amendments to IIPRC Terms and Procedures for IIPRC Filing Fees.

Director Hudson proceeded to the next item on the agenda, the Report of the Audit Committee. Director Hudson asked Commissioner Donelon to provide this report.

Commissioner Donelon reported that the Audit Committee met earlier in the day for the purpose of reviewing the financial statements for August and September. Commissioner Donelon noted that the revenues and expenses through September 30th are running at approximately 80% of budgeted revenues and expenses. Commissioner Donelon stated that the IIPRC has approximately $30,000 in deferred revenue as of the end of September which reflected the registration fees from companies that had not yet filed with the IIPRC in 2010. Commissioner Donelon further explained that once these companies utilize the Compact, their registration fee will be moved to earned revenue. Commissioner Donelon also noted that the IIPRC Office requested an additional draw of $250,000 of the available Line of Credit which brings the total for 2010 to $450,000 of the $850,000 granted. Commissioner Donelon concluded his report.

Director Hudson asked if there were any comments. There were none. Director Hudson asked if there was a motion from the Commission to adopt this report. Ms. Berendt made the motion and Mr. Kenny seconded the motion. The motion was adopted by unanimous voice vote.

Director Hudson proceeded to the next item on the agenda, the report of the Rulemaking Committee. Director Hudson asked Mr. Gaffney to make this report.

Mr. Gaffney reported that the Committee would like to make a recommendation to the Management Committee for the purpose of exposing the amendments to the Operating Procedure for the Filing and Approval of Product Filings for public comment. Mr. Gaffney explained that the proposed amendments provide clarification as to the requirements for a product filing and the review requirements for products that combine life or annuity components with long-term care components. Mr. Gaffney also noted that the amendments propose a procedure for handling when a company receives approval from states to change its name and the name change affects Commission filings. Mr. Gaffney reported that the Committee began looking at the Rule for possible amendments as a result of the conversation regarding combination products that arose during the development of the individual long-term care Uniform Standards. Mr. Gaffney noted that the Committee worked closely with the members of the Product Standards Committee in drafting these amendments. Mr. Gaffney explained that the new section that was added to address company name changes clearly states that the change in corporate name must be approved at and by the company's state of domicile and the compacting state and not through any filing with the IIPRC. Mr. Gaffney concluded his report by noting that the Committee held a public call in early October for the purpose of receiving comments on these proposed amendments.

Director Hudson asked if there were any comments regarding the Report and recommendation of the Rulemaking Committee. Mr. Bridgeland noted that it was important to gather the information regarding
name changes for historical purposes. Ms. Schutter noted that the IIPRC Office would be working with SERFF to facilitate with the capturing of this data. Director Hudson asked if there was a motion from a member of the Management Committee to approve the report and recommendation. Ms. Berendt made the motion and Director Huff seconded. The motion was approved by unanimous voice vote.

Director Hudson proceeded to the next item, the report of the Technology Committee. Director Hudson asked Commissioner Voss to provide this report.

Commissioner Voss reported that the Technology Committee has been working with the IIPRC Office to provide feedback regarding the requirements for enhancements associated with improving the functionality of mix and match data. Commissioner Voss indicated that there were enhancements released in the September SERFF release that would allow filers to utilize the template functionality within the filings. Commissioner Voss noted that the December release of SERFF will include enhancements that will allow the filer to cut and paste the mix and match data. Both of these enhancements will allow the filers to submit the requisite information with greater ease.

Director Hudson asked if there were any comments regarding the Report of the Technology Committee; there were none. Director Hudson asked if there was a motion for the Management Committee to approve the report. Ms. Moiles made the motion and Mr. Sisk seconded. The motion was approved by unanimous voice vote.

Director Hudson proceeded to the next item, the report of the Communications Committee. Director Hudson asked Mr. Ellingson to provide this report.

Mr. Ellingson reported that the Communications Committee is making a recommendation to adopt "Interstate Insurance Compact" as the “doing business as” name for the organization. Mr. Ellingson provided a summary of the actions taken regarding the development of this recommendation. Mr. Ellingson reminded the Commission that the intent is not to change the legal name, but rather the Commission formally adopt a “doing business as” name. Mr. Ellingson noted that formal action is recommended so that the organization will have a consistent and descriptive name that it can use to develop widespread name recognition and messaging. Mr. Ellingson stated that the Communications Committee recommends that rather than using the term "IIPRC", that the organization use the preferred choice of "Interstate Insurance Compact" as its official 'doing business as' name and shorter derivations including Insurance Compact or Compact and not an acronym like IIPRC or IIC. Mr. Ellingson concluded his report.

Director Hudson asked if there were any comments regarding the report of the Communications Committee. Mr. Beatty asked if there were any requirements to the Secretaries of State and filing fees associated with this. Ms. Waitt noted that the name change may cause confusion between the IIPRC and the Compact that is currently being drafted regarding surplus lines. Commissioner Donelon noted that the Commission should pursue the use of Interstate Insurance Compact. Director Hudson noted that maybe the Commission should table this idea for the time being and go back to the stakeholders for their comments regarding this issue. Mr. Wilson noted that the IIPRC is a recognized name and that some of the other acronyms are recognized brand names and the Commission should be cognizant of these when further investigating the name change.

Director Hudson asked if there was a motion to approve the report of the Communications Committee and defer approval of the name change. Director Hudson noted that in the motion it would be inferred that the Commission has asked the Committee to further investigate the name change. Ms. Waitt made the motion and Ms. Ezalarab seconded. The report was approved by unanimous voice vote.

Director Hudson moved to the next item on the agenda, the report of the Finance Committee. Director Hudson asked Mr. Rink to provide this report.
Mr. Rink reported that the Finance Committee has a recommendation to make to the Management Committee regarding the Schedule of IIPRC Filing Fees. Mr. Rink noted that part of the amendments to the IIPRC Terms and Procedures for IIPRC Filing Fees was to develop a separate Schedule of Fees that would be amended in coordination with the Annual Budget. Mr. Rink highlighted that the Schedule of Fees does not in fact change any of the current fees, but includes new filing fees associated with the individual long-term care product filing submissions. Mr. Rink explained that the Finance Committee would recommend that the Management Committee and Commission adopt this Schedule of Fees at the same time that it adopts the 2011 Annual Budget. Mr. Rink concluded the report.

Director Hudson asked if there were any comments. Ms. Ezalarab asked with regard to “Advertising, each submission” does this mean each time that the filing is re-opened. Ms. Schutter replied in the affirmative. Director Hudson asked if there was a motion to approve the report and recommendation of the Finance Committee. Ms. Berendt made the motion and Ms. Ezalarab seconded. The motion was approved by unanimous voice vote.

Director Hudson explained that the Commission received a request from Indiana Department of Insurance to stay the effectiveness of the individual long-term care insurance Uniform Standards while the Department pursues opt-out by regulation. Director Hudson noted that the regulation-making period in Indiana will take at least 90 days and maximum of 180 days to complete. Director Hudson asked Indiana to provide an overview of their request to stay. Ms. Crosson noted that the Department has initiated the rulemaking process and expressed appreciation for the assistance the Department has received from the IIPRC Office.

Commissioner Clark made the motion and Commissioner Morrison seconded. Director Hudson asked if there were any comments. Senator Kelley asked how the federal regulation will affect the IIPRC Uniform Standards. Ms. Ezalarab noted that the IIPRC and the states will be working on this particular issue. Ms. Krol noted that the federal regulation is a federal entitlement program and will have no impact on private insurance products.
