Greetings from the Compact! Let’s dive right in with an exciting update: North Dakota has joined the Insurance Compact! Governor Doug Burgum signed Senate Bill 2172 on April 6th, which takes effect on August 1, 2023. Filers may begin to add North Dakota to submitted or previously approved annuity, life insurance, and disability income product filings beginning in mid-August. North Dakota’s legislation did not include long-term care insurance (LTCi) products, so companies cannot include North Dakota in any LTCi filings. Please join me in welcoming Commissioner Godfred and his team to the Compact!

The spring webinar series is in full swing. There are still some great sessions coming up in May designed specifically for those interested in learning more about the Compact. Each session is recorded and will be available on demand in the Compact’s Collab Space as well. The remaining webinar schedule is on page 2, and you can sign up for upcoming sessions on the Events page of the Compact’s website.

There are several other updates to share. April 3rd is the effective date for Suicide Exclusion Provision Amendments in individual and group life insurance Uniform Standards, so new product submissions filed with the Compact must comply with these amendments. New issues of all Compact approved products in the current Compacting States must comply with the amendments by October 3rd. You can find more updates on page 2.

We are grateful for the opportunity to serve our members, and we are here to provide whatever support they need.
