

**INTERSTATE INSURANCE PRODUCT REGULATION COMMISSION  
(Insurance Compact)**

**Insurance Compact Strategic Planning Initiative: Proposed Strategic Planning Framework  
for Public Comment**

The Insurance Compact Commission is currently undertaking a member-driven strategic planning process, with the purpose of setting strategic priorities, goals and objectives for the next three years. After soliciting input and conducting surveys of our members, filers, and other stakeholders, the Strategic Planning Committee has drafted a Strategic Planning Framework that lays out the draft priorities, objectives, and goals which will serve as a starting point for further discussion. The Commission is interested in receiving comments on this proposal.

The proposed Strategic Planning Framework is attached, and may also be found on the Insurance Compact [Event Calendar](#), located on the [Insurance Compact website](#). Written comments for this item will be accepted until **July 25, 2019**, and should be submitted to [Comments@insurancecompact.org](mailto:Comments@insurancecompact.org).

If you have any questions regarding this request, or the Insurance Compact Strategic Planning Initiative in general, please contact the Insurance Compact Office.
